

iPhone Screen / Battery Replacement Prices

Difference between the quality of the parts:

- **NON-OEM** : Is not manufactured by Apple or one of its licensed vendors, it's however the very best quality of the many after-market screens available.
- **OEM** : Is manufactured by the OEM (Original Equipment Manufacturer), it is the exact same quality as the one found inside your phone already and includes features such as Retina display and Oleophobic fingerprint resistant coating.

OPTION : **NONBC12 / OEMBC12**

NON-OEM & OEM with 12 Month Warranty **SCREEN**

Includes LCD/Digitizer Only + Adhesive – *(Your Old Components will be transferred)*

All prices above include costs for the adhesive that secures the screen assembly to the frame of the phone. These phones are splash and dust resistant, when we change your screen there is NO guarantee of the phone still having splash and dust resistance.

Why no home button with the iPhone 7 and upwards?

Due to security features within Apples hardware, the Touch ID function will only work with your Apple home button. We transfer your original home button over so that your phone retains the Touch ID feature.
